PRELIMINARY AMENDMENT

Sir:

In connection with entry into the National Phase in the United States of the above-referenced application, please amend the application as follows:

In the Claims:

Amend claims 1-8 as follows:

1. (Amended) An air suspension anti-roll stabilization system comprising air suspension means, such as at least one pair of air bags air spring mounted upon an axle via leaf spring suspension arms of an associated vehicle on respective opposed sides of the longitudinal axis of the vehicle, with the axle being located at least partially with respect to
